Forecast For Scotland
Issued by Met Office Aberdeen
at 1600 on Monday 16 Aug 2021

++ Valid for broadcast between 1800 and 0600

Headline:
Tuesday starts cloudy, drizzly. Becoming dry, brighter away from northwest.

This Evening and Tonight:
Cloud and rain extending east during the evening and after some initial heavy pulses it will generally be light and drizzly. Mist and fog patches developing. Shetland mainly fair.

Tuesday:
Light drizzle rain for many to start but becoming dry for most. Some sunny spells developing in the east and pleasantly warm for Fife and Tayside.

Outlook for Wednesday to Friday:
Many places dry, some warm sunshine in parts of the south and east. Staying mostly cloudy in the west with a little light rain at times. Rain spreading north Friday.
